About twenty years ago I discovered a little sore on my check, and the doctors prononneed it cancer, I have tried a number of physicians, but without receiving any permanent benefit. Among the number were one or two specialists. The medicine they applied was like fire to the core, causing intense pain. I saw a statement in the papers telling what S. S. S. had done for others similarly afflicted. I procured some at once. Defore I had used the second bottle the neighbors could notice that my cancer was healing up. My general boulth had been bed for two or three years—I had a hacking cough and spit blood continpoint, that a severe point in my broast. After taking six hottles of S. S. S. my cough left me and I grow stouter shan I had been for several years. My cancer has healed over all but a little spot should the size of a half dame, and it is rapidly disappearing. I would advise every one with cancer to give S. S. S. a fair trial.

J. J. MOORE, Sheriff of Chariton County.

Has become a great newspaper in a very few years. It has secured who circulation and commanding influence in so short a time that older newspapers marvel at its success. The record of its career is like that of Kansas City's wonderful growth-more like fascinating fiction than cold facts. It is only eighteen years old, yet it is read and admired by the people of the great southwest, now having over 2,000,000 population. Enjoying the advantages for quick delivery afforded by sixteen railroads, The Times is thoroughly distributed over an immense territory at an early hour. It has attained an unapproachable circulation among those whose favor is most reallously courted by indicious advertisers. Moderate charges for space and satisfactory results have popularized its advertising columns. The Times is always bright newsy and entertaining, and is worth subscribing for now. Send for free premium list.
